## STATISTICS OF FARMS, HOMES, AND MORTGAGES. TENNESSEE.

DEPARTMENT OF THE INTERIOR,  
CENSUS OFFICE,

WASHINGTON, D. C., November 13, 1891.

SIR:

I have the honor to herewith transmit the third report from the division of the Census Office relating to the statistics of farms, homes, and mortgages. The first of this series, Extra Bulletin No. 3, gave the mortgage indebtedness of Alabama and Iowa, and the second, Extra Bulletin No. 14, that of the state of Kansas. The present report shows the mortgage indebtedness of the state of Tennessee, while a fourth report, to be issued within a few days, will give similar facts for the state of Illinois.

The following table summarizes the result of this inquiry as far as completed to date:

| MORTGAGES, ACRES, LOTS, AND INTEREST RATES.                           | Alabama.     | Illinois.     | Iowa.         | Kansas.       | Tennessee.    |

# STATISTICS OF FARMS, HOMES, AND MORTGAGES. TENNESSEE.

BY GEORGE K. HOLMES AND JOHN S. LORD.

## THE REAL ESTATE MORTGAGES OF TEN YEARS.

Tables containing some of the results of the real estate mortgage investigation in Tennessee are embraced in this bulletin. In Table 1 it is shown that during the 10 years 1880-1889 a mortgage debt of \$100,212,257 was recorded, 47.85 per cent of which, or \$47,956,364, was recorded against acre tracts of land outside of villages and cities and 52.15 per cent of which, or \$52,255,893, was recorded against village and city lots. A large portion of these amounts has been paid.

The least total amount placed on record during any one of the 10 years was \$4,323,290 in 1880, from which year the annual amounts increased with almost unbroken uniformity to \$21,909,423 in 1887. There was a decline to \$13,207,041 in 1888, and then an increase to \$17,857,974 in 1889. The yearly amounts placed on record against acres and against lots show substantially the same general tendency.

During the 10 years 93,282 mortgages were recorded, 46,238 of which, or 49.57 per cent, were on acres, and 47,044, or 50.43 per cent, on lots. The fluctuations in the number annually recorded follow very nearly the annual fluctuations in the debt recorded. Mortgages not stating the amount of debt secured by them are not included in these totals, nor in any totals but their own, unless so mentioned. There were 461 of these mortgages.

The mortgages recorded during 10 years incumbered 7,269,279 acres and 65,566 lots, and the variations in the number incumbered annually correspond largely with the annual variations in the debt recorded. In 1880 the incumbered acres numbered 498,247; in 1889, 1,196,856, which was the highest yearly number. Acres and lots covered by mortgages not stating amount of debt are included.

In 4 of the 96 counties in this state, namely, Davidson, Hamilton, Knox, and Shelby, containing, respectively, the cities of Nashville, Chattanooga, Knoxville, and Memphis, the amount of the recorded mortgages of the 10 years is 56.68 per cent of the total for the state. The amount of the recorded mortgages against lots for the same time in these counties is 85.03 per cent of the total debt placed on lots for the state. These counties have 18.89 per cent of the state's population.

The average mortgage during the 10 years was \$1,074.29; for acres, \$1,037.16; for lots, \$1,110.79. The average number of acres to a mortgage was 156.12; of lots, 1.39; while the average amount of indebtedness per acre incurred during the period of 10 years was \$6.64 and per lot \$799.30.

## EXISTING INDEBTEDNESS.

A real estate mortgage debt of \$40,421,396 was in force in this state January 1, 1890, of which \$16,425,144, or 40.63 per cent of the total, was on acre tracts and \$23,996,252, or 59.37 per cent of the total, was on lots. This is shown in Table 2. The per capita debt of the state is \$22.87. Davidson, Hamilton, Knox, and Shelby counties owe 67.19 per cent of the debt in force in the state and 88.24 per cent of the state's debt against lots. The existing debt in Davidson county is \$6,638,261; Hamilton county, \$9,819,564; Knox county, \$4,050,359; Shelby county, \$6,649,573. Marion county, with a debt of \$1,014,057, is the only other county in the state where the mortgage debt is as large as \$1,000,000.

The average life of a mortgage in Tennessee is 2.813 years; for acres, 2.926 years; for lots, 2.735 years; and these periods prevail without much variation throughout the 96 counties of the state. The proportion of partial payments of the original amount of mortgages in force is 17.31 per cent; for acres, 23.81 per cent; for lots, 12.19 per cent.

## CLASSIFICATION OF AMOUNTS.

Table 4 shows that the principal class of mortgages recorded during the 10 years was for \$500 and under \$1,000, the number of mortgages in this class being 20.70 per cent of the total number of mortgages recorded. The class of \$100 and under \$200 comes next, with 14.19 per cent of the total, and the class of \$200 and under \$300 third, with 12.69 per cent of the total.

## SPECIAL INVESTIGATIONS.

Inquiries were addressed to mortgage debtors in McNairy and Maury counties for the purpose of determining precisely how much was unpaid on each mortgage uncanceled of record on the census day and why the indebtedness was incurred. A high degree of success attended the investigations in these counties, and information is wanting only for the objects of indebtedness for 11 mortgages in McNairy county. Some of the results are shown in Table 5.

Maury, situated in the central part of the state, is reported to be a well-to-do county engaged in agriculture and stock raising. The mortgage debt of the county is \$738,328, the population 38,112, and the per capita debt \$19.37. The mortgages in force number 720, and the average debt in force per mortgage is \$1,025.46.

McNairy county borders on the state of Mississippi in the southwestern part of Tennessee. The people are engaged in agriculture, which, it is reported, has not brought them much prosperity. A mortgage debt of \$47,395 exists in this county, which averages \$3.06 per capita for a population of 15,510. 95 mortgages are in force, the average amount unpaid on each one being \$498.89.

The purchase of real estate and improvements, alone or combined, and business, when not combined with other objects, were the inducements for incurring 63.34 per cent of the original amount of the existing mortgage debt in McNairy county and 92.65 per cent in Maury county. A considerable portion of the debt was incurred for these objects in combination with other objects, and in such cases is inseparable from them.

TABLE 1.—SUMMARY OF THE NUMBER AND AMOUNT OF REAL ESTATE MORTGAGES PLACED ON RECORD AND NUMBER OF ACRES AND LOTS COVERED, BY YEARS.
